4605 N. Polk Avenue
Fresno, CA 93722

Dear Board Members:

The Fresno County School Trustees Association would like to invite you to nominate one of your board members to serve as the representative from Central Unified to the Trustees Association Board of Directors. The Board meets on a quarterly basis and is comprised of a representative nominated from each unified district, each high school district or its feeder elementary schools, the Fresno County Board of Education, and both community college districts, for a total of 22 members. The nominee, if approved, will be expected to attend all Board of Directors and general membership meetings. The Trustees board members serve an indefinite period of time which generally corresponds with their term in office.

The role of the Fresno County School Trustees Association, a non-profit organization, is to advance and improve public education in Fresno County, support effective governance of local school boards and provide support to area trustees as they advocate for a quality education for the students in their communities. The Board of Directors convenes to plan future Trustees meeting agendas and programs, conduct an annual review of its bylaws, and discuss pertinent issues impacting our schools and students.

The Board of Directors meet in March, June, September and October on the third Tuesday of the month. General membership meetings are held in April, October and December, also on the third Tuesday of the month.

Upon making your decision, please contact Trustees Association secretary, Jennifer Freeman, at 265-3012.

Sincerely,

A handwritten signature in black ink that reads "Carol Mills".

Carol Mills, President
Fresno County School Trustees Association
