School Description

MISSION:

Glacier Point Middle School is committed to engaging every student in a rigorous, relevant, standards based instruction in every classroom every day to ensure student learning.

VISION:

Glacier Point Middle School is dedicated to assuring that every student is prepared for success in college, career, and community.

Glacier Point Middle School is unique in that it has a large Title 1/EL student population.

The school's has four major school-wide goals relative its mission:

Goal 1: All students will meet standard or better in math and ELA (or will show one year's growth) with special focus on closing the gap for English Learners, students of poverty, and foster youth.

Goal 2: Students will be engaged in a safe, secure learning environment with positive behavior support systems allowing for a focus on preparing for college, career, and community.

Goal 3: Glacier Point will provide equity of access to educational opportunities and create an environment conducive to learning for all students.

Goal 4: Glacier Point will engage families in system-wide programs assuring students/families access to support for academic, social/emotional and physical well-being.

Progress indicators include Performance Task assessments and teacher generated common assessments, aligned to grade level standards. Scores will be housed in the district's Illuminate program that is to be updated regularly and shared with all staff during scheduled weekly PLC meetings for the purpose of monitoring and making the correct educational decisions for groupings, as well as establishing interventions for students not making adequate progress.

A significant percentage of our students come from families that are economically disadvantaged and have few educational resources at home to support learning. These include: Students with Disabilities; At-Risk/Title I students; ELs; GATE students; and Migrant students. The school's academic focus for the 2017-2018 academic school year continues to be on reading comprehension, academic vocabulary, mathematics and writing.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

Central Unified Schools maintain current and standards-aligned instructional materials in good repair, for all students. Materials are locally adopted and reflect programs currently approved by the State Board of Education. All materials currently adopted reflect the most recent SBE adoptions and support the current California Frameworks.

Every student, including English Learners, Special Education, and other special populations have their own textbook. In the case of class sets, those sets augment individual texts that have been issued to individual students. These class sets are made based on a commitment of the district administration and the governing board and are not the product of any state requirement.

All instructional materials are subject to a school and district review process. Materials may be piloted and all materials that are selected and recommended for local adoption are reviewed by teachers, administration, and any parents who wish to review the materials. The Central Unified Board of Trustees review and adopt based on the recommendation of the district adoption committees and Educational Services.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

English Learners	57	55	96.5	16.4
Students with Disabilities	52	52	100.0	42.3

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

At this time, there are multiple avenues for parents to actively participate at Glacier Point Middle School.

School Site Council; ELAC; PTA; Parent Project; Athletics; and Performing Arts. Parents are also afforded opportunities to participate in a monthly informational meeting called Coffee Talk. Translation and interpretation services are provided.

Contact Person Name: Heather Kuyper-McKeithen, Principal

Contact Person Phone Number: 559-276-3105

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

A Site Emergency Response Plan is in place and addresses the specific criteria of maintaining a safe school. The Site Emergency Response Plan was reviewed with staff and training sessions were conducted on August 26, 2017 and September 13, 2017.

Our goal is to create a safe and orderly environment that is characterized by a climate of respect. We want to teach students to successfully relate to each other and to teachers and school staff in acceptable ways. Expectations about what is acceptable behavior are clearly stated via our PBIS motto (P: Personal Best; A: Accept Responsibility; W: Wise Choice; S: Show Respect. In addition, consequences for unacceptable behavior are known and applied when appropriate.

Glacier Point Middle School has in existence and execution a school-safe plan, and policies and procedures that address the "orderliness" of the school.

In addition, fire drills are conducted once a month; lock down drills are conducted twice per semester, and earthquake drills are conducted once per semester. Two-way radios are provided as are surveillance cameras.

Professional Development provided for Teachers

Professional Development, via training on English Language Development (ELD) strategies, reading and writing across the curriculum, and Visible Learning strategies, is an essential component for assisting teachers in effectively integrating quality instructional practices in the classroom. Capacity building at Glacier Point will evolve around the practice of Professional Learning Communities.

Core department teachers receive two full days department planning to analyze, define, and create assessment calendars that address critical standards, pre-assessments, and post-assessments.

At Glacier Point, Teachers receive comprehensive training during our PD around creating clear Learning Outcomes and Criteria for Success as well as the expectation that the students are expected to read, write, speak and listen in every class every day. Glacier Point administration has provided a professional development calendar to address the explicit development of a Professional Learning Community. It is the expectation that assignments related to the professional development calendar are completed and practiced.

Professional Development occurs via workshops, department training, and individual mentoring/coaching. Every teacher receives instructional feedback via administrative observations and evaluations. In addition, a full-time literacy instructional coach is provided for all teachers three days per week and a district math and a district science coach work with the math and science teachers at least one week per month.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
