## Special Notes

**Additional Note:** Quote is based on level and accessible site by normal truck delivery. Quote is per the Pajaro Valley USD Piggyback and spreadsheet attached. Optional closure panels, and mini blinds are available at an additional cost.

**Block/Level:** Price assumes building is installed using Mobile Modular standard foundation. Mobile Modular assumes installation on the minimum foundation design criteria/tolerances. For DSA buildings, it is assumed building will be installed on the minimum amount of foundation lumber per the applicable DSA approved stockpile drawings and site will not exceed 4-1/2" out of level. Additional material and labor charges apply for installing buildings above minimum foundation design criteria, raising buildings to meet specific finish floor elevations, raising building level to adjacent buildings, landings, walkways, transitions, etc.

**Budgetary Quote:** Pricing provided is for budgetary purposes only. A revised quotation will be provided once project details are clarified. If you are new to modular buildings and wondering what you need to know about them, please visit [www.mobilemodularrents.com](http://www.mobilemodularrents.com) and view our FAQ worksheet "Considering Modular Buildings for Your Space Needs?". \*Delivery pricing is estimated based on delivery within 50 miles of branch location. Pilots and permits not included and may be required. We look forward to working with you to refine your requirements.

### Delivery Date:

**Delivery Date:** Delivery date will not be confirmed until Mobile Modular receives and approves the signed Agreement and all credit conditions have been met.

**DSA Classrooms include:** (2) 8040 marker boards, (1) fire extinguisher at each exit, empty back box with conduit stubbed to ceiling for future pull station & horn, skirting for perimeter of building only, standard factory ramp, and wood sill foundation for level site.

**Ramps:** Site conditions may affect ramp configuration and cost. Customer is responsible for transition from end of ramp to grade and for extended or custom rails, if needed. Ramp skirting is available for an additional charge. Mobile Modular provides used/refurbished ramps - new ramps are available for purchase only.

**Site Installation Requirements:** Prior to delivery, Customer shall mark the four corners where the building is to be placed on the site/pad location, and shall also mark the locations of door(s) and ramp(s). Should special handling be required to position, install, or remove the classroom on Customer's site due to site conditions/constraints and/or obstructions, Customer will be responsible for additional charges. Additional rolling charges may be applicable as site conditions necessitate.

**Site Plan Review:** Mobile Modular is not responsible for review and verification of Customer's site plans, civil plans, soils tests/survey's, etc. It is the responsibility of the Customer to ensure the site plans and site conditions meet applicable codes and governing body approvals. This includes, but is not limited to, ensuring the building pad/site allows for standard delivery and installation based on the minimum foundation design tolerances as per applicable approved stockpile drawings/foundation design.

**Used building rental:** Quotation is for a used or refurbished modular building. There may be variations in wall paneling, flooring, or other exterior and interior finishes. Dimensions are nominal unless otherwise stated.
