# School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

# School Vision and Mission

Every student will engage in rigorous, relevant, standards-based instruction in every classroom every day to ensure student learning. Every student at Teague will show PRIDE by; being Proud, showing Respect, having Integrity, being Determined, and showing Empathy.

## School Profile

Teague strives to build a healthy, positive, and engaging learning environment for all students. Through the Guiding Principles, Teague makes sure every student will learn in every classroom, every day. The school is the pulse and the social center of the community. Many families walk their children to and from the campus and stay to catch up on school and community news. One of 15 elementary schools in the Central Unified School District, we are on the western border of the city of Fresno and serves the neighborhood of Highway City. Teague Elementary is considered by the city of Fresno to be urban fringe area. Teague Elementary School serves 713 Transitional Kindergarten through sixth grade students on a traditional schedule. Teague Elementary School also houses a state preschool program and shares space with a county special education program. Teague celebrates and honors our ethnically and economically diverse community.

Teague staff is comprised of dedicated, dynamic educators who collaborate and utilize best practices for student success, with a major emphasis on core academic skills. Teachers are carefully selected and spend countless hours honing their professional skills and collaborating and planning in grade level teams, curriculum teams, Professional Learning Communities (PLCs) and with administration. The staff attends a wide variety of professional development offerings provided at the school as well as district wide trainings at the district office. Many teachers also pursue advanced level university degrees. Teague Elementary School's goals are based on the Elementary and Secondary Education Act, common core standards and Central Unified's Guiding Principles.

Teague is dedicated to increasing and accelerating the learning of our English Learners (EL) with quality instruction and Intervention programs. With highly effective and researched based teaching strategies, Teague EL students continue to get the instruction needed to become proficient in the English language. Teague will plan to use the ELPAC test to determine language fluency levels and progress for our significant EL population. This year, teachers will be utilizing dedicated classroom time to work with identified EL students utilizing appropriate curriculum to address the specific needs of EL students. Teague will also have the support of the English Learner's Group to support and coach our school site in EL instruction.

Teague Elementary has a Reading Intervention Program that has been rebuilt to accommodate a three-tier program. Tier one of the program provides the opportunity for certificated teachers to support the reading instruction for students in the classroom by providing core instruction to all students. Tier two is based on F&P scores where students are identified for reading intervention. Students are grouped for further reading intervention support. Students two years below grade level receive instruction in a small group setting based on their needs. Support is provided through our site literacy team that provides three reading teachers. Each team will push in to a classrooms and support the tier two students. Students identified more than two years below reading levels will then be in tier three where students are pulled out into intensive groups of no more than 5 students at a time. Students will receive specialized instruction in reading and literacy skill development. In addition, tutorials (before and after school) as well as Saturday school enrichment time will also be provided to students to give additional time for students to grow academically.

This year Teague teachers are implementing more and more technology based learning tools to students in classrooms every day to close the experience gap many of our students face, as well as enhance learning for all.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Meaningful engagement of parents, students, and other stakeholders include those representing all students is a critical component when writing a Single Plan for Student Achievement (SPSA). Central USD and Teague Elementary continue to focus on increasing parent involvement in the input process. Teague Elementary reaches out to stakeholders by

inviting them to participate in School Site Council (SSC), English Learner Advisory Committee (ELAC), Leadership Team (LT), and Parent Faculty Club (PFC). Meeting evaluation forms and parent input forms are made available and completed by parent advisory committee members during SSC, ELAC and by request.

Stakeholder input sessions were:

School Leadership Team 8/30/18, 9/28/18

School Site Council 10/03/2018 and 10/24/2018

English Learner Advisory Committee 10/12/2018

Parent Faculty Club 10/03/2018

Childcare and interpretation was provided as requested by stakeholders. (Spanish, Punjabi &/or Hmong). Overall trends in stakeholder feedback included:

The various committees agreed that the funding and goals from the previous year were well aligned and data driven so they were carried over to the next year. There were changes to how the amount goals/tactics were funded. The SPSA includes, as a result of the stakeholder input sessions, the following: Parent committees requested additional parent English and education classes so the vendor for that was changed to accommodate that request. There was also an increase in funding for student safety and for rewards for positive behavior. The most important goal shared by stakeholders is the need to increase Teague's achievement based on state assessments. In response, guided reading and small group instruction is a focus at Teague Elementary. The budget for small groups was increased significantly in order to account for more staffing.

Teague Elementary appreciates and takes into consideration the valuable input of all of our stakeholder groups as this information informs our goals and actions.

### Conclusions based on this data:

1. Teague has a large number of students in grade four for the 2017-2018 school year.

2. Enrollment has declined slightly (3%) from 2016-2017 to 2017-2018.
3. Enrollment by subgroup has mirrored the slight overall decline with our white population being the outlier with an increase of one percent from 2016-2017 to 2017-2018.

## Status and Change Report English Learner Progress

This report shows the performance levels for a single state indicator, English Learner Progress Indicator, for all student groups. It also shows how the current year (status) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator.

Fall 2017 English Learner Progress Status and Change Report				
State Indicators	Student Performance	Number of Students	Status	Change
English Learner		116	Very Low 57.8%	Declined -8.4%

This report shows the performance levels for English Learners on all state indicators. It also shows how the current year (status) compares to prior years (change) for each state indicator. Status and change each have five possible levels, which are displayed with the data for each indicator.

Fall 2017 English Learner Progress Report			
State Indicators	Students Performance	Status	Change
Chronic Absenteeism	N/A	N/A	N/A
Suspension Rate (K-12)		Medium 2.6%	Declined Significantly -3.9%
English Learner Progress (1-12)		Very Low 57.8%	Declined -8.4%
College/Career (9-12)	N/A		N/A
English Language Arts (3-8)		Very Low 80.6 points below level 3	Increased +4.6 points
Mathematics (3-8)		Low 86.9 points below level 3	Increased Significantly +20.3 points

An asterisk (\*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. The performance level (color) is not included when there are fewer than 30 students in any year used to calculate status and change. An N/A means that data is not currently available.

Performance Levels:  Red (Lowest Performance)  Orange  Yellow  Green  Blue (Highest Performance)

### Conclusions based on this data:

1. Teague has had a decrease in the overall progress of English Learners by 8.4%
2. Teague English Learners have increased in the performance on ELA standards by over 4 points.
3. Teague English Learners have significantly increased in the performance on Math standards by over 20 points.

# Goals, Strategies, & Proposed Expenditures

## Goal 1

Every student meets or exceeds grade level core standards and is prepared for college, career, and community

### Basis for this Goal

Central USD's overall SBAC scores for our students in grades 3-8 and 11 indicate students performance levels for a single state indicator, English Language Arts Assessment. This score, for all student groups was -26.8 Distance from Meeting Standards (DFM). The performance levels for a single state indicator, Math Assessment, for all student groups was -48.5 DFM. At Teague Elementary School, students scored -71.8 DFM in English Language Arts, and -83.0 DFM in Mathematics.

- Early literacy results for first-grade students based on Fountas and Pinnell Benchmark Assessment System indicate that there is not any overall growth from March 2016 to March 2107 there is no measurable improvement (63% meeting or exceeding F & P standards.) Teague elementary currently has 43.3% of Kindergarten students on track, 33% of first grade students on track, and 50% of second grade students on track.

### Expected Annual Measurable Outcomes

# Goals, Strategies, & Proposed Expenditures

## Goal 2

Connect every student to school by providing equity of access to educational opportunities and creating an environment conducive to learning for all students.

### Basis for this Goal

Central USD needs to continue to increase student engagement/attendance and reduce suspension/expulsion and dropout rates. 2015-16 district attendance rate was 95.3%, with no significant increase or decrease from the previous year's rate. Chronic absenteeism rate was 13.43% in 2016-17. The suspension rate was 5.6% (2015-16) and expulsion rate was .3% (also 2015-16). Teague's suspension rate is currently 6.5, expulsion rate is 0.36%, attendance rate is 93.86% and chronic absenteeism is 20.1%.

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Suspension Rate Expulsion Rate Attendance Rate Chronic Absenteeism	2017-18 Data from DataQuest and CA Dashboard Suspension Rate- 6.5% Expulsion Rate- 0.36% Attendance Rate- 93.86% Chronic Absenteeism-20.1%	By June of 2019: Suspension Rate will decrease by 0.5% (to 6.0%) Expulsion Rate will decrease by 0.1% (0.26%) Attendance Rate will increase to 97% or higher (increase by 3.14%) Chronic Absenteeism will decrease by 1% (to 19.1%)

# Goals, Strategies, & Proposed Expenditures

## Goal 3

Engage families in system-wide programs assuring students/families access to support for academic, social/emotional and physical well-being.

### Basis for this Goal

Central USD and Teague Elementary will continue to engage families in educational programs to support student well-being and academic success. Central USD has a full time Parent Involvement Coordinator, Community Liaisons-Bilingual, and Family Outreach Liaisons to assist with this goal. The district and Teague Elementary will continue providing quality parent education based on parent interest and need. Teague Elementary will encourage parent participation in providing input and being a part of the decision making process. At Teague Elementary parent involvement consists of parent English classes, family nights with a focus on literacy, the arts, and STEAM projects. Parent Faculty Club is also open to any interested stakeholders.

### Expected Annual Measurable Outcomes

### Planned Strategies/Activities

#### Strategy/Activity 1

Provide structure for parent engagement so parents have an ease of access to school via in-person assistance, phone, email, text, and in writing to encourage attendance to school functions and better understand areas of need.

## Strategy/Activity 2

Implement parent education opportunities during the school year for the purpose of providing appropriate learning opportunities:

- provide English as a Second Language so our parents can increase English capacity and better navigate educational opportunities for their children
- building a strong relationship between parents and school personnel
- provide family nights for parents and students to work collaboratively

# Goals, Strategies, & Proposed Expenditures

## Goal 4

Assure 1 year of growth in language acquisition for every EL student.

### Basis for this Goal

Not all Central USD English Learners (ELs) are currently making yearly progress in acquiring English proficiency. Data from the CA Dashboard indicates that the district performance indicator for EL Progress is high (green) overall. Of the 22 schools in our district 4 of the schools are either rated in the low (orange) or very low (red) level for EL Progress. One school is rated medium (yellow) and 11 schools are rated high or very high (green or blue.) Schools not represented on the dashboard do not have enough English Learners (ELs) to comprise a cohort for reporting.

There is a need to develop teacher knowledge of the ELA/ELD Framework and how to use new materials to meet the needs of English Learners so that we can reduce the creation of long term English learners. Central USD has 7.4% LTELs (6+ years) and 5.1% At Risk for LTEL (4-5 years). Both rates are below the state and county average, but there is still a need for improvement. Currently, 3% of ELs at Teague are meeting or exceeding ELA standards on SBAC compared to 28% on non-EL students. This data indicates an achievement gap for EL students on ELA of 25%.

At Teague the current English Learner Progress Indicator is at 56.90% with a decline of 5.86%, putting our school site in the very low (red) rating overall.

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
CA Dashboard English Learner Progress Indicator (ELPI)	2017-18 ELPI 56.90%	By June of 2019: ELPI will increase by 14% to 70.9%
CA Dashboard EL SBAC ELA DFM	2017-18 ELA DFM -80.6	By June of 2019: The number of EL students scoring 'meets or exceeds' standard will increase by 7 points as measured by SBAC ELA (DFM -73.6)

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

RTI implementation - Tier 1 was best instruction in the classroom, Tier 2 was pull out intervention, and Tier 3 was additional support through tutoring and Saturday School. The three tiers were implemented with fidelity at Teague.

Professional Development and Planning Day - Teachers attended Kagan Professional Development and EL training. Planning days were scheduled throughout the summer.

Program support - after school tutorials and Saturday School were offered, teachers utilized F&P kits for resources to work with specific reading skills. Saturday School program was based on students needing to make up attendance, literacy instruction was provided by the teacher and Teaching Fellows. Students were grouped by reading level at Saturday School.

Culture of literacy - a new incentive program was not put into place at Teague in 2017-2018. Each kindergarten classroom did have an instructional aide.

Technology - all 4th- 6th classrooms got the newest available Promethean board technology to deliver instruction.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

RTI implementation - Teague's reading intervention lab was run by two highly qualified reading teachers with support from two Teaching Fellows, altogether, four groups would be seen simultaneously each morning. As evidenced by our SBAC data, all grade levels marked an increase in achievement levels in grades third through sixth. K-2 did not get as much intervention as needed as evidenced by the slide in F&P scores.

Professional Development and Planning Day - The Kagan Professional Development did have an effect in the class as evidenced by the increase in ELA SBAC scores in each grade level. The planning days did allow teachers to focus on the resources provided and planning as a grade level to implement the curriculum.

Program support - After school tutorials did produce a positive effect by measure of the increase in SBAC scores. Saturday school, which was broken down by F&P scores did not provide the expected outcomes as our F&P scores dropped across grade levels K, 1st, and 2nd.

Culture of literacy - a new incentive program was not put into place at Teague in 2017-2018; this negatively affected our F&P scores.

Technology - the 4th- 6th classrooms with the newest available Promethean board technology did deliver an increase in SBAC scores.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

In the licensing expenditure, there was a discrepancy between the amount originally allocated for Title 1 and 21st Century, the amount spent ended up being paid out of LCFF. Expenses for the certificated reading teacher for intervention program ended up being less because the teacher left before the end of the year. When purchasing books under this action, expenses went over because teachers needed more materials. The expenses for teacher subs for professional development was less than anticipated because we had to cancel some days and they could not be made up. The expenses for substitute teachers to allow teachers to administer the F&P were greater than anticipated. The expenses for certificated staff pay for professional development meetings were mitigated as the teachers went on scheduled days off. Expenses for F&P subs were higher than anticipated because this line item was not allocated enough funds as compared to other line items with the same goal. Expenses for Teacher Planning Days were less than expected because some planning days took place after the first of July 2018. Expenses for Teachers for after school tutorials and their benefits were less than expected because not all scheduled teachers participated in tutoring during each offering. No monies were spent on materials for tutoring as teachers used intervention materials from Wonders and Pearson. Expenses for Teachers for Saturday School, administration for Saturday School, Teaching Fellows for Saturday School, and supplies for Saturday School were less than planned due to low attendance of students and lack of teachers available to teach. Expenses for awards and materials for the Accelerated Reader program did not match projections due to lack of program implementation. Supplies and Materials expenses were more than scheduled due to an increase in the price of specific rewards purchased yearly for students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving into 2018-19, this goal will stay as Goal 1 but will be combined with Mathematics as an overall academic goal to align with Central Unified School District's Local Control Accountability Plan (LCAP)  
Increase allocations for Teaching Fellows for guided reading intervention in each first through sixth grade classroom in addition to pull out support in the reading lab.  
Promethean board purchased will be scaled back and a plan will be created to upgrade a selected grade level each year.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Professional Development / PLCs - Teachers completed a co-plan / co-teach cycle during the school year. PLCs shared out best practices throughout twice-weekly meetings. Teachers self selected themselves to attend CGI math training at Fresno State, each participant was required to share out new learning.

Tiered approach to intervention - all classrooms did implement the use of Pearson instructional materials. Tier 2 included intentional small group instruction in the classroom.

Planning Days - grade level teams did produce curriculum maps created by the grade level.

Intervention - after school and Saturday school tutorials were available for students. One teacher from each grade level provided tutoring for different parts of the school year.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Professional Development / PLCs - The co-plan / co-teach cycle during the school year, PLCs, and CGI math training did keep our teachers informed of the most effective strategies and use of materials. This led to an increase in achievement levels in three of four testing grades.

Tiered approach to intervention - Instructional materials were used to support instruction in the classroom.

Planning Days - The effect of the planning days appears to be minimal as evidenced by the lower growth across all grade levels.

Intervention - Tutoring and in-class intervention support was provided to identified at-risk students and gave extended time for reteaching and learning.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Actual expenses for teacher subs for professional development was not needed as the funds came from other areas of the plan for professional development. Registration for CGI math was less than expected because fewer teachers elected to attend the conference. ST Math license was not needed as the cost was paid out of a different goal in the plan. Support materials and instructional tools were not purchased. Teacher planning day costs were less than expected because many planning days were held after the first of July 2018; moving the cost over to the 2018-2019 school year. Supplies needing to be purchased for after school tutorials were not spent as the teachers used intervention materials already included in Pearson and Wonders.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving into 2018-19, this goal will stay as Goal 1 but will be combined with English Language Arts & Literacy as an overall academic goal to align with Central Unified School District's LCAP

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Curriculum - Teachers did utilize the new curriculum and planned for instruction using Wonders

Learning Opportunities - designated EL instructional time was honored and SDAIE strategies were used throughout instruction

Professional Development - two teachers and the instructional coach did attend CABE in Sacramento. Staff returned and gave a presentation to the school staff on new knowledge

Migrant Ed Students - were pulled out for individualized instruction with ESL teacher, this occurred weekly

Instructional Support - administration was responsible for all student data

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Curriculum - Wonders did allow for an increase in designated ELD time

Learning Opportunities - teachers adhered to the mandate for ELD instruction as evidenced by the 64% of students at moderately or well developed skills

Professional Development - share out of instructional practices had a positive effect on student achievement. 2nd grade had the highest achievement levels 84%, as the two teachers who went to the conference came from second grade.

Migrant Ed Students - students pulled out for instruction did not pass the beginning stage of English language development

Instructional Support - administration was responsible for all student data and that allowed for teachers to focus on instruction. This action did perform as expected.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Pay for professional development salaries was not needed as the teachers who attend CABE went on non-duty days and volunteered to attend. The pay for subs to provide colleague observation opportunities was negated with the use of the school roving substitute. Subs for ELPAC training and testing were also negated as the training took place during the teacher duty day but after instruction. The subs for teacher collaboration was also not used as the money was put in the plan in multiple locations and not needed from this allocation. No extra EL materials were ordered. The cost of conferences and training was less than anticipated as fewer teachers were able to attend the trainings than planned. The pay for certificated substitutes was also reduced as previously stated, the teacher's attended workshops on non-duty days. Allocation for organization and materials were not needed as present supplies proved to be satisfactory.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving into 2018-19, this goal will be moved to Goal 4 to align with Central Unified School District's LCAP Additional money will be added to provide more teachers and instruction for EL's through the EL Bootcamp. A tactic will be added to provide EL's with an incentive if they meet standards on the SBAC and/or ELPAC.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Challenges - challenges were not implemented as planned

Classified Staff - was added to ensure a safe and healthy environment for students

Character building - assemblies and events were provided for students. College trips to Fresno State and San Jose State were taken. PRIDE teacher was implemented and the students had the resource available daily.

Positive and healthy schools - positive school environment was created throughout the school year and during testing.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Challenges - not effective as the challenges were not implemented as planned

Classified Staff - was added to ensure a safe and healthy environment for students; although effective there is still a need for additional support to properly supervise all areas.

Character building - a loving and positive school culture was created. Students who have taken the college trips have now had the opportunity to visit 3 different colleges over the previous two school years.

Positive and healthy schools - snacks during testing allowed for students to be properly nourished before assessments

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Teague did not participate in Odyssey of the Mind or Science Olympiad; therefore did not incur any fees associated with the activities. Incentives and awards were not needed for the challenge contests as they were not held. Only \$2925 of the \$5000 was spent on awards as fewer students than expedited increased academic performance. The pay for professional development for yard duty was covered via a different goal and these funds were not necessary. The breakdown of costs for classified staff to be utilized to provide proper supervision of students was split into three sections instead of all coming from LCFF; costs were spread out from Title 1 and LCFF-SLIP because at the time that was the most reasonable way to pay for the salaries. The cost for assemblies was less than outlined as one performer gave us a discount after not showing up on his scheduled date. Classified and certificated pay to work with students on character development was not spent as the plan did not come to fruition. The cost of certificates and awards for students was mitigated as the photo company for the school provided the awards at no cost. Pay for students field trips to local universities was less than expected because they invoice after the trip and fewer people attended than expected. Costs for the incentives and consumable materials for students during testing windows were also eased as the district kitchen provided snacks for all students. Robotics did get going in March 2018 at a cost of \$923.25 for the personnel but the equipment was district issued.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving into 2018-19, this goal will be moved to Goal 2 to align with Central Unified School District's LCAP  
Additional funding will be allocated for school safety.

Funding will be provided for transportation to "Making the Grade."

There will be a increase in funding for signage as the major purchases will be made this year.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Increase offerings - PBS did provide parent workshops covering a wide range of topics

Parent communication - text, email, phone calls, and flyers were utilized

English classes - held Friday during morning time after student drop off

Host events - not implemented

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Increase offerings - parents did attend the workshops in the morning - effective. An average of 12 parents attended each session held after students were dropped off for school in the morning.

Parent communication - effective but need to continue to improve parent participation at Teague

English classes - parents enjoyed the classes based off survey results and asked for increased rigor in the coming school year

Host events - not implemented

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Cost of the PBS classes came out to 18,000 as compared to 10,000 as we extended the offerings for parents based on positive feedback from surveys. All the funds came from the 21st Century grant and the Title 1 funds were not necessary. Childcare costs were less than expected as on many days there were no children present. Provisions and supplies ended up being part of the contract with PBS therefore eliminating our costs. Duplication costs came out to 47% of the estimated allocation as fewer flyers were produced. The monies allocated for awards and supplies for students showcases and events were not spent as the events did not occur.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving into 2018-19, this goal will be moved to Goal 3 to align with Central Unified School District's LCAP. Different parent workshops will be added and paid for through Title 1. A minimum of 18 workshops will be held.

# Budget Summary and Consolidation

The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Angelica Neria	Parent or Community Member
Beatrice Barajas	Other School Staff Parent or Community Member
Johnny Galindo	Parent or Community Member
Miriam Pedroza	Parent or Community Member
Lizett Lorenti	Parent or Community Member
Ben Avila	Classroom Teacher
Alisa Reyes	Classroom Teacher
Lisa Cunningham	Classroom Teacher
Patricia Hernandez	Other School Staff
Diego Moreno	Principal

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature**

**Committee or Advisory Group Name**

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 24, 2018.

Attested:

Principal, Diego Moreno on 10/24/19

SSC Chairperson, Lizette Lorenti on 10/24/19

## Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

## Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

### **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

### **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

### **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

#### **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

#### **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

### **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## **Budget Summary and Consolidation**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### **Consolidation of Funds**

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

# Appendix A: Plan Requirements for Schools Funded Through the ConApp

## Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

- o 6 members are needed to establish a quorum
- o 14 members are present

A quorum has been established

**Approval of Agenda**

- No changes or additions were made to the agenda
- Mrs. Lorenti motioned to approve the agenda, 2<sup>nd</sup> by Ms. Lopez
- Vote yes 13 no 0 abstain

**Approval of Minutes from April 25, 2018**

Mr. Moreno went through and shared some highlights in the minutes, since most of the committee members were not on the committee in April. Mr. Moreno did point out that on item 4 section a. it mentions having 2 teaching fellows for this school year. We actually are in the process of obtaining 8 teaching fellows, so there are enough to push into classes for guided reading sessions. There was questions from the parents if this guided reading would interfere with the student's band or choir and Mr.

Moreno explained that the guided reading groups with the Teaching Fellows takes place in the morning and band and choir are in the afternoon.

- iii. Vote    yes   13      no   0      abstain

### **Report of Officers, Standing and Special Committees**

Mr. Moreno explained that there are no reports because this is a new committee and the officers will be determined by the committee later in the meeting.

### **Public Input**

No Public comments. Mr. Moreno did explain that this is an opportunity for members of the community to provide information or ask questions of the committee. No action can be taken, but the information can be placed on the agenda of the next meeting for discussion and action by the committee.

### **Unfinished Business**

Mr. Moreno explained that there is not unfinished business since this is our first meeting of 2018/2019 school year.

### **New Business**

#### **a. CUSD Guiding Principles**

Mr. Moreno went over the district poster of the Guiding Principles, which is up in every classroom for parents and community to read.

#### **b. Review the Purpose of the School Site Council**

The Committee watched the SSC training video. Mr. Moreno frequently stopped the video and translated the information to the Spanish speaking parents on the committee.

#### **c. Review the duties of the School Site Council**

This information was discussed in the training video and Mr. Moreno translated the information to the Spanish speaking parents on the committee.

- d. By-laws - Mr. Moreno explained that there are by-laws that the School Site Council has to follow. He showed the by-laws to the parents and told them if they had any questions about any of the by-laws after they read them, to please ask him.

e. **Review the roles and responsibilities of the SSC officers.**

f. **Nominate and elect SSC officers.**

Mr. Moreno explained the roles and responsibilities of each officer. The members nominated and elected the following officers for the 2018/19 School Site Council:

Chairperson - Ms. Lorenti

Vice Chairperson - Ms. Barajas

Secretary - Ms. Cunningham

DAC Representative - Ms. Cunningham

DAC Alternate - Ms. Lopez

g. **SPSA Goals and Results**

Mr. Moreno reviewed Teague's Single Plan and Goals. Parents questioned why 5th grade's scores were so low. Mr. Avila explained that the test changed from a paper and pencil test to a computer test. It also changed from a multiple choice test, where the students just circled A, B, or C, to an essay test where the students have to explain their answer and how they came to their answer in a paragraph or more. It is a very different way of testing than the students were used to before. He explained that teachers are now teaching the students how to explain their thinking as they figure out answers to questions, so they can explain their answers on the new SBAC test.

\*Mr. Moreno asked for a note in the minutes to reflect that he will show and discuss the SBAC training plan, set up for the students, with the interested parents.

Nancy Diaz questioned why the 5<sup>th</sup> grade teachers have had so many substitute days for trainings and meetings already this year.

\*Mr. Moreno asked for a note in the minutes to reflect that he will show the schedule of district trainings the 5<sup>th</sup> grade teachers have gone to, with any interested parents.

h. **Plan for Site Parent Professional Learning**

Mr. Moreno explained that last year PBIS held classes at Teague, but this year those won't be taking place at Teague. The ESL/Parent English classes will still take place later in the year. Currently there will be Paint Nights at Teague for families to attend. The first one is next Tuesday, October 16<sup>th</sup>.

n. **Review Parent Involvement Policy and School - Family Compact**

Mr. Moreno handed out a copy to each member to look over for discussion and approval. Mr. Avila pointed out that the compact still has the typo on the first bullet item. Instead of "you self", it should read "yourself". With no other changes needed, Mr. Moreno asked for a motion to approve the

School - Family Compact.

Ms. Maldonado motioned to approve the Compact, 2<sup>nd</sup> by Ms. Lorenti

Vote yes 14 no 0 abstain \_\_\_

With no changes needed to the Parent Involvement Policy Mr. Moreno asked for a motion to approve the Parent Involvement Policy

Mr. Gallardo motioned to approve the Parent Involvement Policy, 2<sup>nd</sup> by Ms. Maldonado

**SCHOOL – FAMILY COMPACT**

It is important that families and schools work together to help students achieve high academic standards. Through a process that included teachers, families, students and community representatives, the following are agreed upon roles and responsibilities that we as partners will carry out to support student success in school and in life

**Teacher Pledge:**

- BELIEVE in yourself and your students.
- Provide high-quality curriculum and rigorous instruction
- Endeavor to motivate my students to learn.
- Have high expectations and help every child to develop a love of learning.
- Provide a safe, positive, and healthy learning environment.
- Communicate regularly with families about student progress
- Provide meaningful, daily homework assignments to reinforce and extend learning (30 minutes for grades 1-3 and 60 minutes for grades 4-6).
- Actively participate in professional development opportunities that improve teaching and learning and support the formation of partnerships with families and the community.
- Actively participate in collaborative decision making and consistently work with families and my school colleagues to make our school accessible and welcoming places for families which help our students achieve the school's high academic standards.
- Respect the school, students, staff, and families.

## Teague Elementary Parental Involvement Policy

The intent of this policy is to clearly define current practices in a more efficient, consistent, and effective manner, as well as generate new ways of strengthening the partnership between the parents, students, community and Teague Elementary.

### Home School Compact and Implementation Components:

Teague Elementary will take the following actions to involve parents in the development of the school site *policy and home-school compact*.

- ❖ Teague School and parents will agree to create and maintain a positive two-way communication between school and home.
- ❖ Teague will develop and present the home-school compact and parental involvement policy to the SSC. Public input and participation is welcomed in the development of these documents.
- ❖ A copy of the parent involvement policy will be sent home with each student at the beginning of the school year.
- ❖ At the last SSC meeting of the year, the school parent involvement policy will be revisited and updated with input from the SSC and any other community members.
- ❖ Parents will be informed of curriculum used at Teague during Back-to-School Night and parent conferences.
- ❖ Parents will be informed of evaluative tests and procedures used at the school to assess the academic progress of the students.
- ❖ Parents will be informed of the academic progress of students through the use of written forms four times per year (report cards and progress reports) as well as provided with student updates on progress from the teacher as needed.
- ❖ Teague will provide parents with an overview of the various advisory groups at Teague.
- ❖ Teague will provide interpreters, when available and necessary to parents at school.
- ❖ Teague will continue to have opportunities for parents to volunteer in the classroom activities.
- ❖ Teague will provide opportunities for parents to collaborate with staff during but not limited to SSTs, IEPs, 504s and other meetings.

### Parent Involvement and Shared Responsibilities for High Academic Achievements:

Teague will build a community atmosphere for strong parental involvement. In order to ensure effective involvement and to support a partnership among the school, parents and community, we will improve academic development through the following activities.

- ❖ Teague will provide parents with opportunities to support and reinforce our Teague Behavior expectations.
- ❖ Teague teachers will present and discuss the home-school compact with parents and students at the first parent-teacher conference of the year.
- ❖ Teague Elementary will give parents opportunities to provide input on a variety of school issues including academic achievement, behavior, environment, and safety through parent surveys given out each spring.
- ❖ Teague will provide accessibility and opportunities for parents with limited English proficiency, parents with disabilities, and parents of migratory students.
- ❖ Teague will provide, to the extent possible, information related to school and parent programs, meetings, and other activities that will be sent home in the language the parents understand.
- ❖ Teague will provide parents with opportunities to serve at the school, in the classroom, and in a variety of school activities.
