

# School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

# School Vision and Mission

The Vision of Pathway Community Day School is to provide all students with a positive, structured environment focused on behavioral and academic improvement, where students can learn and practice skills to promote their success in secondary school, college, career and the community at large. The Mission of the school is to serve the At-Risk Youth of Central Unified School District.

## School Profile

Pathway Community Day School is located in Southwest Fresno. Students' grade levels range from 7th through 12th grade. A Pathway student arrives through suspended expulsion, SARB placement, a district level referral and/or court/probation placement. Pathway's goal is to have 100% of students receive a high school diploma by transitioning back to their school of origination or a mainstream school or by graduating from Pathway itself. Calls are made home daily for absent students and parents stay informed on academic work completed via the online grade system Parent Portal. Progress reports are sent home every 6 weeks and teachers make calls home to inform parents of student progression. Teachers are expected to contact homeroom students' parents regularly. Students and/or parents may contact teachers or staff at any time to check on their child's development. In addition to the three full time teachers, Pathway has a full time RSP teacher. Central Unified provides a school psychologist and an intervention counselor 5 days per week. Pathway also has an elementary program K-6 with a full time Teacher and a two full time instructional aides.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Meaningful engagement of parents, students, and other stakeholders including those representing all students is critical to process of writing a Single Plan for Student Achievement (SPSA). Central USD and Pathway continues to focus on increasing parent involvement in the input process. Pathway reaches out to stakeholders by meeting individually with each student and parent upon intake, having meetings with parents at school request or parent request, having quarterly student recognition events, hosting field trips and school events (Pathway Car Show) and using the Blackboard Connect autodialer to send parents updates on school events.

Pathway appreciates and take seriously the input of all of our stakeholder groups as this information informs our goals and actions. Stakeholders were informed of the input process for SPSA at the first school site council meeting on September 13, 2018. The school will be transitioning from Targeted Assistance to Schoolwide Program based on consensus from the School Site Council and Stakeholders.

The SPSA includes, as a result of the stakeholder input sessions on September 13 and October 9, 2018, the following: afterschool tutoring, enrichment activities for students and writing and math prompts to inform students, parents and teachers on student progress and development.

## Equity Report

The Equity Report shows the performance levels for all students on the state indicators. It also shows the total number of student groups that received a performance level for each indicator and how many of those student groups are in the two lowest performance levels (Red/Orange). The total number of student groups may vary due to the number of grade levels included within each indicator.

Fall 2017 Equity Report			
State Indicators	All Students Performance	Total Student Groups	Student Groups in Red/Orange
Chronic Absenteeism	N/A	N/A	N/A
College/Career (9-12)	N/A	N/A	N/A

An asterisk (\*) shows that the student group has fewer than 11 students and is not reported for privacy reasons. The performance level (color) is not included when there are fewer than 30 students in any year used to calculate status and change. An N/A means that data is not currently available.

Performance Levels: Red (Lowest Performance) Orange Yellow Green Blue (Highest Performance)

### Conclusions based on this data:

1. Alternative schools were not included in the Fall 2017 Dashboard. At the time this SPSA was being written, the Dashboard for Alternative Schools from CDE had not yet been issued.

# Goals, Strategies, & Proposed Expenditures

## Goal 1

Every student meets or exceeds grade level core standards and is prepared for college, career, and community

### Basis for this Goal

- Central USD's overall scores for our students in grades 3-8 and 11 indicate that 39% of students are meeting or exceeding standard in ELA and 26% are meeting or exceeding standards in Mathematics. At Pathway, the focus is on providing students individual support on behavior, while improving attendance and academics, including credit recovery.
- There is a need to provide professional development and coaching to support teacher's ability to address the academic needs of their students. Based on the academic achievement data professional development must continue to address ELA, Mathematics and language acquisition and skill for English Language Learners. Specific strategies for designing instruction and using formative assessment will be embedded in all training.
- Central USD needs to continue increasing the percent of students prepared for career options and/or technical training program. The district and Pathway must emphasize career pathway completion and empower students to make career choices based on viable data. While college and career data looks a bit better with increasing numbers of students enrolled in college the fall immediately following high school, there is still room for improvement. Central High School had 65% of students enrolled in college the fall immediately following high school while our alternative education sites of CLASS and Pershing High School had 31% enrolled. CTE has experienced a 15.6% increase in student participation, but the district and Pathway acknowledge participation can increase.
- Of those students going on to college, 36% enrolled in two year institutions and 25% enrolled in four year institutions. The mid year progress results for enrollment in a 4 year college the semester immediately following graduation dropped slightly (3%) when comparing 2014 to 2015. Information reviewed for 2015-16 indicates that the percent of students prepared to meet UC admission requirements was 43.4%. CDE data also indicated that 48 % of students passed the AP exam with a score of 3 or higher. EAP results for ELA increased from 2015 to 2016, but still show only 50% ready for college. EAP results for Math increased from 2015 to 2016, but still show only 12% ready for college. This year Pathway will be using the bimonthly schoolwide writing prompt measure progress. Students will also be responding to prompts for math in an effort to measure improvement in student mathematics skills. Pathway will be transitioning to the Dashboard Alternative School Status (DASS) during the 2018-19 school year, looking at additional indicators, including graduation rate, # of credits completed, and attendance rate.

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Writing Prompt	Average scores from the first Prompt given	Students will improve writing by 25% based on a 3 point rubric (address the prompt, organization and conventions).
Math Prompt	Average scores from the first Prompt given	Students will improve score by 25% based on a 3 point rubric (correct solution, sequence in problem solving and explanation).

### Planned Strategies/Activities

#### Strategy/Activity 1

Staff will use progress reports and quarter grades to monitor student behavioral and academic progress. Students failing 1 or more grades will be targeted for afterschool tutorial, academic and/or SEL counseling and increased parent outreach.

# Goals, Strategies, & Proposed Expenditures

## Goal 2

Connect every student to school by providing equity of access to educational opportunities and creating an environment conducive to learning for all students.

### Basis for this Goal

Central USD needs to continue to increase student engagement/attendance and reduce suspension/expulsion and dropout rates. 2015-16 district attendance rate is 95.3%, with no significant increase or decrease from the previous year's rate. Chronic absenteeism rate was 13.43% in 2016-17. The suspension rate is 5.6% (2015-16) and expulsion rate is .3% (also 2015-16). While this is below the county average the district still considers this an area to improve. High School graduation rate is 82.8%, a decrease from 2014-15 rate of 84.4% and is an area of greatest need. As the receiving school for expelled students or students referred by the Student Attendance Review Board, Pathway students have high rates of suspension. Chronic absenteeism is high (77%) Pathway staff work with students and their families on strategies to improve attendance and school performance. Current attendance rate is 84.17%

### Expected Annual Measurable Outcomes

### Planned Strategies/Activities

#### Strategy/Activity 1

Staff will continue periodic training on PBIS and will fully implement the practices in all programs. Provide opportunities for students, parents and staff to be recognized for positive contributions to campus culture. Teachers will teach PBIS Behavior lessons, foster thoughtful interaction with students and focus on the students in a period to make positive phone calls home, enhancing parent connection.

# Goals, Strategies, & Proposed Expenditures

## Goal 3

Engage families in system-wide programs assuring students/families access to support for academic, social/emotional and physical well-being.

### Basis for this Goal

Central USD and Pathway will continue to engage families in educational programs to support student well-being and academic success. Central USD has a full time Parent Involvement Coordinator, Community Liaisons-Bilingual, and Family Outreach Liaisons to assist with this goal. The district and Pathway will continue providing quality parent education based on parent interest and need. Pathway will encourage parent participation in providing input and being a part of the decision making process. At Pathway, parent involvement consists of a variety of strategies including school site councils, back to school night, open house, and other family engagement opportunities.

# Goals, Strategies, & Proposed Expenditures

## Goal 4

Assure 1 year of growth in language acquisition for every EL student.

### Basis for this Goal

Not all English Learners (ELs) are currently making yearly progress in acquiring English proficiency. Data from the CA Dashboard indicates that the district performance indicator for EL Progress is high (green) overall. Of the 22 schools in our district 4 of the schools are either rated in the low (orange) or very low (red) level for EL Progress. One school is rated medium (yellow) and 11 schools are rated high or very high (green or blue.) Schools not represented on the dashboard do not have enough English Learners (ELs) to comprise a cohort for reporting. There was a 1.4% decrease in ELs advancing one level per year on their English Language Assessment (CELDT). CAASPP data indicates EL students meeting or nearly meeting standards lag behind all other student groups by 32% in ELA and 20% in Math.

There is a need to develop teacher knowledge of the ELA/ELD Framework and how to use new materials to meet the needs of English Learners so that we can reduce the creation of long term English learners. Central USD has 7.4% LTELs (6+ years) and 5.1% At Risk for LTEL (4-5 years). Both rates are below the state and county average, but there is still a need for improvement. At Pathway, English Learners are supported individually by the ELA teacher and GIA to ensure continued progress toward graduation.

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
% of English Language Learners receiving passing scores in ELA classes.	2017-18 scores of EL's at Pathway.	5% increase in % of English Language Learners receiving passing scores in ELA classes.

## Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Overall, the strategies and activities included utilization of technology to enhance access to instruction and curriculum, reading on a daily basis and tutoring were able to be implemented.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Although a quantitative measure wasn't possible, the activities above allowed students deeper practice into reading and writing. The activities helped to keep a focus on learning and provided a common forum for teachers to practice improving their feedback to students.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Overall there were not significant differences between the proposed and estimated expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Moving into 2018-19, this goal will stay as Goal 1 but will be combined with Mathematics as an overall academic goal to align with Central Unified School District's Local Control Accountability Plan (LCAP). The school will be transitioning from Targeted Assistance to Schoolwide Program based on consensus from the School Site Council and Stakeholders.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Nick Hustedde	Principal
Sunny Dhillon	Classroom Teacher
Michael Kurnosoff	Classroom Teacher Secondary Student
John Barber	Classroom Teacher
Mark Brown	Classroom Teacher
Mary Wilson	Other School Staff
Henry Pauls	Parent or Community Member
Miriam Allen	Parent or Community Member
Sharon Tovar Davis	Parent or Community Member
Jaloni Fullum	Secondary Student
Mercedes Whitaker	Secondary Student
India Crawford	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.	

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 10/9/2018.

Attested:

Principal, Nick Hustedde on 10/9/2018

SSC Chairperson, Mark Brown on 10/9/2018

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

## Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

### **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

### **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

# **Appendix A: Plan Requirements for Schools Funded Through the ConApp**

## **Basic Plan Requirements**

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

The school distributes to parents of Title I, Part A students, a school-parent compact (Compact). The Compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. The Compact describes specific ways the school and families will partner to help children achieve the state's high academic standards. The Compact addresses the following legally required items, as well as other items suggested by parents of Title I, Part A students:

- The school's responsibility to provide high-quality curriculum and instruction (ESSA Section 1116[d][1]).
- The ways parents will be responsible for supporting their children's learning (ESSA Section 1116[d][1]).
- The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities (ESSA Section 1116[d][2]).

The school engages Title I, Part A parents in meaningful interactions with the school. The Compact supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the school has established the following practices:

The school provides Title I, Part A parents with assistance in understanding the state's academic content standards, assessments, and how to monitor and improve the achievement of their children (ESSA Section 1116[e][1]).

The school provides Title I, Part A parents with materials and training to help them work with their children to improve their children's achievement (ESSA Section 1116[e][2]).

With the assistance of Title I, Part A parents, the school educates staff members in the value of parent contributions, and in how to work with parents as equal partners (ESSA Section 1116[e][3]).

The school coordinates and integrates the Title I, Part A parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children (ESSA Section 1116[e][4]).

The school distributes Information related to school and parent programs, meetings, and other activities to Title I, Part A parents in a format and language that the parents understand (ESSA Section 1116[e][5]).

The school provides support for parental involvement activities requested by Title I, Part A parents (ESSA Section 1116[e][14]).

The school provides opportunities for the participation of all Title I, Part A parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand (ESSA Section 1116[f]).

This Compact was adopted by the Pershing/Pathway School Site Council on September 9, 2018 and will be in effect for the period one year.

The school will distribute the Compact to all parents of students participating in the Title I, Part A program on, or before October 30, 2018

**Pershing Continuation High School/Pathway Community Day School**  
**School-Level Parental Involvement Policy**  
**2018 - 2019**

Pathway/Pershing Schools has developed a written Parental Involvement Policy with input from Pathway parents. Parental input was solicited through our School Site Council meetings. We have distributed the policy to parents of Pathway students. The school's Parental Involvement Policy is distributed to all parents through our school's first day enrollment packet that is given to all parents during student orientations.

Pathway/Pershing Schools's policy describes the means for carrying out the following Pathway Parental Involvement requirements. [Pathway Parental Involvement, 20 USC 6318(a)-(f)]

**Involvement of Parents in the School Program**

Pathway/Pershing Schools conduct the following:

1. Convenes an annual meeting to inform parents of Pathway students of Pathway requirements and their rights to be involved in the Pathway program.
  - Each Fall, an Annual Parent Meeting is held during our Back to School Night.
  - Parents are recruited to participate in our School Site Council.
2. Offers a flexible number of meetings.
  - Meetings are held after school to meet the needs of parents and guardians that work, attend school or are home-makers. Days are chosen by both administration and SSC members that are most convenient to meet the busy schedules of the members.
3. Involves parents of students in an organized, ongoing, and timely way, in the planning, review, and improvement of its programs and the Parental Involvement Policy.
  - Parents and guardians are encouraged to participate in our School's Site Council.
  - Flyers are sent home with students announcing our School's Site Council meetings.
4. Provides parents of students with timely information about School programs.
  - Due to continuous enrollment throughout the year, a weekly orientation is held with new students and their parents where information about programs is shared.
  - Administration provides parents and guardians with the opportunity to learn about the program during our Back to School Night.
  - Connect Ed messages and flyers are sent home through-out the school year.

- Parents and guardians are encouraged to participate in our School's Site Council.

5. Provide parents of students with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.

- Staff reviews their course outlines, classroom expectations and curriculum with parent and guardians during our Back to School Night.
- Administration meets with students and parents during student orientation to explain the importance and value of the CSTs, CAHSEE and local benchmarks.

5. Provide parents of students, if requested, with opportunities for regular meetings to participate in decisions relating to the education of their children.

- Our staff encourages parents and guardians to participate in their student(s) education. Daily phone calls are made to parents and guardians regarding student absences. Staff flex their schedules according to parent needs to encourage meetings at school
- For parents with transportation issues, Administration will do a home visit for parents needing a face to face meeting.

**\*\*The policy must be updated periodically to meet changing needs of parents and the school. If the school has a process for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Pathway children. [20 USC 6318(c) (3)]**

### **School-Parent Compact**

Pathway/Pershing Schools has jointly developed with and distributed to parents of students a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California content standards. The school-parent compact describes the following items in addition to items added by parents of students:

- / -

1. The school's responsibility to provide high-quality curriculum and instruction
2. The parents' responsibility to support their children's learning
3. The importance of ongoing communication between parents and teachers through, at least, annual conferences, reports on student progress, access to staff, and opportunities to volunteer and participate in and observe the educational program

- Parents are provided with the opportunity to participate in School's Site Council to discuss issues that are important to their student's education.

- Parents complete a Student Home Compact during their student's orientation. The Student Home Compact is then reviewed with the student. A copy is provided to the parent/guardian.

### **Building Capacity for Involvement**

Pathway/Pershing Schools engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the school does the following:

1. Assists parents in understanding academic content standards, assessments, and how to monitor and improve the achievement of their children.
  - Administration meets with parents during orientation to discuss curriculum, school-wide expectation and the importance of assessments.
  - Upon request or need, administration meets with parents to discuss their student's academic status and goals.
  - Letters are mailed to inform parents/guardians on their child's individual student assessment results and the methods available for the monitoring of student progress.
  - Parent Portal is available to parents and students 24/7, allowing up-to-date information on student grades.
2. Provides materials and training to help parents work with their children to improve their children's achievement.
  1. Through phone calls and emails, staff provide parents/guardians with techniques and strategies that they may use to improve their children's academic success and help their children in learning at home. Upon request or need, on-site training opportunities are also provided.
  2. Educates staff, with the assistance of parents, on the value of parent contributions and how to work with parents as equal partners.
    - Staff and parents are encouraged to participate in the School Site Council.
    - Meetings are held with administration, staff and parents to discuss strategies that will assist their students become more successful in school and to review the important roles that each play in our students' education.
3. Coordinates and integrates the Parental Involvement Program with other programs and conducts other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

- Administration and teachers encourage parents/guardians to serve as volunteers in the schools, attend student activities and school meetings, and participate in site councils, LCAP input meetings, advisory councils and other activities in which they may undertake advisory and advocacy roles.
5. Distributes to parents information related to school and parent programs, meetings, and other activities in a form and language that the parents understand.
- Documentation is provided in both English and Spanish and other languages upon request.
  - Bilingual staff are able to provide translation in Spanish.
6. Provides support for parental involvement activities requested by Pathway parents.
- Teacher meetings, administrative meetings and School Site Council meetings provide parents/guardians opportunities for regular meetings to formulate suggestions, share experiences with other parents and participate as appropriate in decisions relating to the education of their children.

### **Accessibility**

**Pathway/Pershing Schools provides opportunities for all parents to participate, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. This includes providing information and school reports in a form and language parents understand.**

- Provide interpreters and translations, when necessary or upon request, in order to encourage the participation of parents/guardians with cultural, language, or other barriers which may inhibit such participation.
- Communication is sent home in English and Spanish.

### **Parent Information and Resource Centers (PIRCs)**

PIRCs are funded by the US Department of Education. They provide both local and statewide services. California has two PIRCs: PIRCI, Project Inspire at the California Association of Bilingual Education, Covina, CA and PIRC2, Cal-PIRC at Cambridge Academies, Modesto, CA.

<http://www.nationalpirc.org/directory/CA-7.html>

PIRCI, Project Inspire is the result of a partnership among the California Association for Bilingual Education, the San Bernardino County Superintendent of Schools, and the Alameda County Office of Education. Project Inspire provides parent training workshops and will be funded through 2011. A list of workshop topics and a brochure in English and Spanish that describes services are available at

<http://www.bilingualeducation.org/programs> parent.php. are available in multiple languages.

PIRC2, Cal-PIRC has established three Parent Information and Resource Center hubs in Northern and Central California. Cal-PIRC provides direct services to parents and schools in selected communities within Merced and Stanislaus Counties, and West Sacramento areas. It also provides support throughout the state through conferences, workshops, and a Web site. Cal-PIRC will be funded through 2011.

Whenever available, resources are posted in English, Spanish, Russian, Chinese, Arabic, and Hmong.
